Reasoned opinion - Remuneration

Competitive remuneration is the basic principle for the assessment of remuneration to the board members, in order to ensure that Essity can recruit and retain people with the best possible qualifications. When assessing the size of the remuneration, comparisons with remuneration to board members in companies of comparable size and complexity have been made.

The proposed board comprises members with international experience. The Nomination Committee has evaluated and discussed the structure and levels of the remuneration to the Board of Directors and concluded that the proposed increase of the remuneration level is justified. The Nomination Committee's assessment is that also an increase of remuneration for committee work is reasonable.

Reasoned opinion – Board members

The Nomination Committee has strived for proposing a Board of Directors where individual board members, as well as the board in its entirety, meet great demands on relevant knowledge and experience, in order to be able to carry out effective board work in Essity, characterized of high quality. The Nomination Committee has, in addition to the aforementioned, also strived to achieve gender balance in the Board of Directors. Five of the proposed members of the board are men and four are women, which corresponds to 56% and 44% of the board members, respectively.

In its proposal regarding the Board of Directors, the Nomination Committee has also paid specific attention to the proposed board members' other assignments, to ensure that they are able to devote their assignment in Essity's board the time and the commitment that is required.

The conclusion is that the current board and its work functions properly. The Nomination committee has also been informed that all board members are available for re-election.

The Nomination Committee considers that the proposed Board of Directors will obtain an appropriate composition with regard to the company's operations, phase of development and other relevant circumstances. The Board of Directors is characterized by diversity and breadth as to the board members' qualifications, experience, and background. The proposal also provides continuity to the board's work, which the Nomination Committee has considered to be important.

A majority (eight out of nine) of the proposed board members – Ewa Björling, Maria Carell, Annemarie Gardshol, Jan Gurander, Torbjörn Lööf, Bert Nordberg, Barbara M. Thoralfsson and Karl Åberg – are independent in relation to the company and the senior management. Out of these board members, seven – Ewa Björling, Maria Carell, Annemarie Gardshol, Jan Gurander, Torbjörn Lööf, Bert Nordberg, and Barbara M. Thoralfsson – are also

independent in relation to the company's larger shareholders. Only one board member – Magnus Groth, CEO – is part of the company's management. All board members have sufficient experience of the requirements that a listed company is subject to.

The Nomination Committee concludes that the stock exchange's rules regarding board members' relevant stock exchange experience have been met, as are the rules of the Corporate Governance Code regarding the independence of board members.

Election of auditor

The Nomination Committee proposes Ernst & Young AB as Auditor for the period until the end of the annual general meeting 2025.

If elected, Ernst & Young AB has announced its appointment of Erik Sandström as Auditor in charge.

Reasoned opinion - auditor

The current Auditor, Ernst & Young AB, has been the company's Auditor for eight years. The company's audit is a complicated process that, among other things, includes auditing in more than 90 countries. Ernst & Young AB has been deemed appropriate for this.
